

Warranty Information for New Condominium Units

This information sheet provides a basic overview of the warranties and protections that come with your new condominium unit. This warranty is provided to you **by your builder** and backed by Tarion. For more detailed information, visit **tarion.com** and log into our online learning hub at **www.tarion.com/learninghub**

The Pre-Delivery Inspection (PDI)

Before you take occupancy of your unit, your builder is required to conduct a pre-delivery inspection, (PDI) with you or someone you designate to act on your behalf. If you wish, you may be accompanied by someone who can provide expert assistance. The PDI is important because it is an opportunity to learn about how to operate and maintain parts of your unit, such as the ventilation and heating systems. It is also important because it gives you an opportunity to note items in your unit that are damaged, missing, incomplete, or not working properly before you take occupancy. This record is also very important as it may help show what items may have been damaged before you moved in and helps resolve any disputes relating to whether or not an item of damage was caused by your occupancy and use.

The PDI is only one piece of evidence relating to damaged or incomplete items, and you should note and document (e.g. via photos or video) any concerns or damaged items as soon as you notice them after taking occupancy if they were missed on the PDI. If the damaged items are not addressed by your builder, you can include them in your 30-Day Form to Tarion. Damaged items are covered under the warranty if the damage was caused by the builder. There is more information about the PDI here: **www.tarion.com/learninghub**

Deposit Protection

The Condominium Act requires your builder to hold the deposit for your condominium unit in trust until the deposit is provided to the person entitled to it or the amount of your deposit is insured, as applicable. If your Agreement of Purchase and Sale is terminated by the builder, except as a result of the Purchaser’s default, your deposit must be returned to you in full within 10 days. If your deposit is not returned, you are still protected by Tarion for the return of your deposit, or portion that has not yet been returned, up to \$20,000. This protection includes the money you put down towards upgrades and other extras.

Delayed Occupancy Coverage

Your builder guarantees that your unit will be ready for you to move in by a date specified in the purchase agreement or a date that has been properly extended (if for certain reasons the original occupancy date cannot be met). You may be able to claim up to \$7,500 from your builder in compensation if they do not meet the conditions for an allowable extension that are outlined in the Addendum to your Agreement of Purchase and Sale.

Warranty Coverage

The warranty on work and materials commences on your occupancy date and provides up to a maximum of \$300,000 in coverage. There are limitations on scope and duration as follows. Your builder warrants that your home will, on delivery, have these warranties:

One-Year Warranty

- Your home is constructed in a workmanlike manner, free from defects in material, is fit for habitation and complies with Ontario’s Building Code
- Protects against unauthorized substitution of items specified in the Agreement of Purchase and Sale or selected by you

Two-Year Warranty

- Protects against water penetration through the basement or foundation walls, windows, and the building envelope
- Covers defects in work and materials in the electrical, plumbing, and heating delivery and distribution systems
- Covers defects in work and materials that result in the detachment, displacement, or deterioration of exterior cladding (such as brick work, aluminum, or vinyl siding)
- Protects against violations of Ontario’s Building Code that affect health and safety

Seven-Year Warranty

- Protects against defects in work or materials that affect a structural load-bearing element of the home resulting in structural failure or that materially and adversely compromise the structural integrity; and/or that materially and adversely affect the use of a significant portion of the home.

Construction Performance Guidelines

The Construction Performance Guidelines are a resource to provide advance guidance as to how Tarion may decide disputes between homeowners and builders regarding defects in work or materials. The Construction Performance Guidelines are intended to complement Ontario's Building Code. They are supplemented by any applicable guidelines or standards produced by industry associations. They do not replace manufacturer warranties. The Construction Performance Guidelines are available in several different formats accessible via cpg.tarion.com.

Warranty Exclusions

Your warranty, provided to you by your builder and backed by Tarion, is a limited warranty, and the protection provided by Tarion is also limited. Exclusions to coverage include: normal wear and tear, damage caused by improper maintenance, damage caused by a third party, secondary damage caused by defects that are under warranty, supplementary warranties, deficiencies caused by homeowner actions, elevators, HVAC appliances, specific defects accepted in writing and damage resulting from an Act of God.

The Common Elements Warranty

For most condominiums, warranty coverage also includes the shared areas, known as the common elements. The common elements warranty is separate from your unit warranty. It begins when the condominium is registered and, unlike your unit warranty, is managed by your condominium corporation. For warranty assistance related to items located outside of the boundaries of your unit, contact your property manager or condominium corporation's Board of Directors. To learn more about your unit and common element boundaries, you can refer to Schedule C of the proposed declaration in your disclosure statement or, if the condominium is registered, of the registered declaration.
